INTRODUCTORY SECTION

November 23, 2005

Honorable Mayor and
Members of the City Council
Sandy City

The Comprehensive Annual Financial Report (CAFR) of Sandy City (the City), for the fiscal year ended June 30, 2005 is submitted herewith. Utah State law requires that first class cities "present to the governing body an annual financial report prepared in conformity with Accounting Principles Generally Accepted in the United States (GAAP), as prescribed in the Uniform Accounting Manual for Utah Cities." This report, which fulfills this requirement, presents a comprehensive financial picture covering all funds and financial transactions for the year.

This CAFR has been prepared by the City's Finance Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures and supplementary information, rests with the City's management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the City. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities have been included. Likewise, the "Notes to the Financial Statements" are an integral part of this report and should be read for a more complete understanding of the financial statements and information presented in this report.

Management of the City is also responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The City's internal control structure is designed to provide reasonable, rather than absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of the control should not exceed the benefits likely to be derived and 2) the valuation of costs and benefits requires estimates and judgments by management.

As required by Utah state law, an annual audit has been conducted by independent certified public accountants. The Report of Independent Certified Public Accountants, as prepared by Wisan, Smith, Racker & Prescott, LLP, is included within the Financial Section of this report. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based on the audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the fiscal year ended June 30, 2005, are fairly presented in conformity with GAAP.

The City is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit

The City is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act and U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this Single Audit, including the schedule of federal financial assistance, findings and recommendations, and auditor's reports on the internal control structure and compliance with applicable laws and regulations, are published under separate cover.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Sandy, about 13 miles south of Salt Lake City, was settled in 1863 as a pioneer farming village. With the discovery of rich ores in Little Cottonwood Canyon and the shipping of the stone for the construction of the Salt Lake Temple, Sandy became a focal shipping point and booming mining town. As a result, Sandy became a city in 1893 and hired a sheriff to keep the miners in line. One by one the mines closed around 1900. Sandy then became a small farming community again and remained that way until about 1970. For the past several years, Sandy has numbered among the fastest growing suburban cities in the United States. Today Sandy is the fourth largest city in Utah with a population approaching 100,000 citizens.

Since 1979, the City has operated under the council-mayor form of government. The City Council, comprised of seven elected individuals, is the governing authority for the City. The elected Mayor, with no voting rights on the City Council, has various administrative and veto powers. One of the Mayor's administrative powers is the appointment of the Chief Administrative Officer, Cabinet Officers and various other positions such as the City Treasurer, the City Recorder, and the City Engineer. The City Council establishes City policy, approves the budget, and ratifies the appointment of City Officials. The City Council is authorized to issue bonds, incur short-term debt, levy property taxes, and is not dependent on any other unit of local government.

The City provides the full range of municipal services normally associated with a municipality. In brief, the general governmental functions include police and fire protection, park construction and maintenance, street construction and maintenance, public improvements, engineering, building inspection, planning and zoning, administrative services, recreation services, storm drain system construction and maintenance, and street light system installation and maintenance. The City also operates water, waste collection, and River Oaks Golf Course as enterprise funds. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the Sandy Redevelopment Agency is reported as a special revenue fund and Alta Canyon Recreation Special Service District is reported as an enterprise fund.

Comprehensive annual budgets are an essential element for the City's financial planning and control. Therefore, budgets are adopted annually (required by Utah state law) by the City Council for all funds except debt service funds used to account for special assessments and expendable trust funds which are subject to compensating controls. Utah state law also requires: 1) a balanced budget for each individual fund; however, Redevelopment Agencies are allowed to incur debt prior to the triggering of the tax increment revenue thus allowing an unbalanced budget, 2) department expenditures to conform with departmental appropriations, and 3) individual fund appropriations to be overspent only in "emergencies" (natural disasters). Once the budgets are approved, the City Council may revise the budgets from time to time after following the required procedures. Budget-to-actual comparisons are provided in this report for each individual fund for which an appropriated annual budget has been adopted. For the general fund and the storm water fund this comparison begins on page 42 as part of the basic financial statements for the governmental funds. For the other governmental funds with appropriated annual budgets, this comparison is presented in the governmental fund subsection of this report, which starts on page 85.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local Economy. After several consecutive recessionary years, financial indicators point to strong economic growth in the next 12 months. Sandy continues to enjoy a very low unemployment rate (3.3 percent) compared to state (4.6 percent) and national (5.0 percent) rates.

Sandy City's fiscal strength can be attributed to many growing areas including the office, retail, transportation, and entertainment markets.

During 2005 and continuing into 2006, the office market has shown an overall drop of ten percent in vacancy rates and the highest levels of absorption since 2001. Office related employment accounts for over 40 percent of all new job growth with an increase of 15,800 new jobs statewide. Sandy City anticipates adding over 400,000 square feet of new Class A and B office space in the near future.

The retail market is holding to its long-term path of health, vibrancy and stability. Future additions to Sandy's retail base include the Quarry Bend development, Phases II and III of the Little Cottonwood Shopping Center, and two new dealerships in the South Towne Auto Mall. The nearly completed Union Heights development includes a 16 screen theater, a 165,000 square foot office building, and various pad sites.

Sandy has several major transportation-related projects taking place. An additional Light Rail Station will be added at 9400 South as a destination only station to accommodate Jordan Commons visitors as well as attendees of events at the South Towne Expo Center. The 11400 South and State Street intersection will be widened in conjunction with the 11400 South Single Point Urban Interchange (SPUI) project.

The Salt Lake Real soccer franchise announced their intention to build a professional soccer stadium in Sandy, west of State Street and 9400 South. They are anticipating the purchase of approximately 22 acres to build the 25,000 seat stadium along with some additional soccer fields to be used for practice and commercial uses including retail and restaurants. Preliminary discussions have revealed an opening date of July 4, 2007.

Additional information about economic factors can be found on page 31 of the MD&A.

Long-Term Financial Planning. The City Council approved a balanced budget for the upcoming fiscal year. The approved budget will bring an additional \$2,300,000 in ongoing revenue to the general fund. Aided by strong retail sales, growing telecommunication charges, modest fee increases, and consistent property taxes, the City intends to dedicate the new revenue to a variety of ongoing projects and capital programs.

To compensate for increasing demands on the City's Justice Court system, the approved budget will allow for the renovation and maintenance of the Public Safety Building (formerly Third District Court Building) as well as fund an additional full-time assistant city prosecutor and two court bailiffs.

The City also expects one-time revenue of \$3,700,000. This money will be spent on municipal building preservation, renovation and replacement as well as street reconstruction, concrete repair, and trail development. Based on the Completed 2005 Parks and Recreation Master Plan Update, the City has set aside money to construct two new parks including a 4 acre community park adjacent to Union Middle School and an 8 acre full service park at the Quarry Bend development.

The City expects to contribute \$439,433 to the fund balance of the general fund. This will allow the fund balance to remain at 11.3 percent of expected general fund revenues.

Relevant financial policies. The City takes pride in maintaining its pay-as-you-go strategy along with reasonable long-term financing to keep the debt burden low. Sandy City seeks the most practical and cost-efficient financing available. Following this policy has allowed the City to maintain a "Aa+" bond rating. For further information on long-term liabilities, please refer to page 29 in Management's Discussion and Analysis and page 65 in the notes to the financial statements.

Major initiatives. In staying consistent with the City's overall water master plan, funds have been set aside this year (\$4,210,322) to meet our commitment to the Metropolitan Water District of Salt Lake and Sandy and its Point of the Mountain Water Treatment Plant. The plant, with an expected completion date in 2007, will provide needed redundancy and transmission capacity to our municipal water system. The plant, coupled with Ontario Drain Tunnel water rights purchased by the City in March 2005, will ensure that residents have adequate, clean, quality drinking water in the decades to come. The City will pay \$13,832,100 in principal over 27 years for the Ontario Drain Tunnel water rights acquisition.

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2004. This was the eighteenth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized CAFR. This report satisfied both Accounting Principles Generally Accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

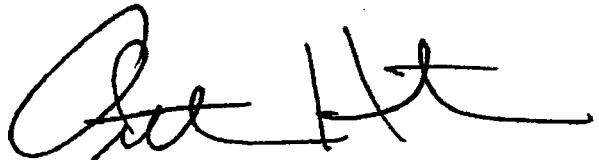

The City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for fiscal year 2006. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device. This is the second consecutive year that the City has received this esteemed award.

The preparation of the CAFR on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. In closing, without the leadership and support of the governing body of Sandy City, preparation of this report would not have been possible.

Respectfully Submitted,

Byron D. Jorgenson,
City Administrator

Arthur D. Hunter,

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council
City of Sandy, Utah

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandy, Utah (the City), as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandy, Utah, as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

MEMBER
AMERICAN INSTITUTE OF
CERTIFIED PUBLIC ACCOUNTANTS

132 PIERPONT AVENUE, SUITE 250
SALT LAKE CITY, UTAH 84101
FAX (801) 328-2015
(801) 328-2011

MEMBER
UTAH ASSOCIATION OF
CERTIFIED PUBLIC ACCOUNTANTS

In accordance with *Government Auditing Standards*, we have also issued our report dated November 23, 2005, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis, and the schedule of roadway system condition and maintenance, on pages 19 through 32 and 79 through 81, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual non-major fund financial statements, budgetary comparison information, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual non-major fund financial statements and budgetary comparison information have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

As management of Sandy City, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2005. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which starts on page 7 of this report.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of fiscal year 2005 by \$451,713,205 (net assets). Of this amount, \$69,995,696 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net assets increased by \$11,712,421. Approximately 20 percent of this increase is attributable to unspent revenues in the water fund that will be used for future capital projects. General fund revenues in excess of expenses constitute 30 percent of the total net asset increase. This excess was transferred to the capital projects fund for use in future capital projects.
- As of the close of fiscal year 2005, the City's governmental funds reported combined ending fund balances of \$33,135,168, an increase of \$3,612,785 in comparison with fiscal year 2004. The unreserved portion equals \$27,220,750 and is available for spending at the government's discretion.
- At the end of fiscal year 2005, unreserved fund balance of the general fund was \$4,154,891, or 12 percent of total general fund expenditures. General fund balance remained unchanged from fiscal year 2004.
- The City's total long-term debt increased \$9,413,256 (14 percent) during fiscal year 2005. This is partially due to the Ontario Drain Tunnel water rights acquisition, which is discussed in more detail under "Business-type activities" on page 25 and under "Long-term debt" on page 29.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, storm water, electric utility, economic development, and culture and recreation. The business-type activities of the City include water, waste, River Oaks Golf Course, and Alta Canyon Sports Center.

Although Alta Canyon Sports Center is a legally separate entity from the City (known as the primary government), it functions for all practical purposes as a department of the City, and therefore has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 34-37 of this report.

Fund financial statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing

so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the debt service fund, the capital projects fund, and the storm water fund, all of which are considered to be major funds. Data from the other nine funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 38-43 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water utility, waste services, Alta Canyon Sports Center, and River Oaks Golf Course. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its fleet of vehicles, information services, risk management, payroll management, and equipment management. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water utility, waste services, Alta Canyon Sports Center, and River Oaks Golf Course, all of which are considered to be major funds of the City. Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 44-46 of this report.

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 47-78 of this report.

Other information: Required supplementary information, including budgetary comparisons for major governmental funds other than the general fund, begins on page 79 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 84-115 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Sandy City, assets exceeded liabilities by \$451,713,205 at the close of fiscal year 2005.

By far the largest portion of the City's net assets (83 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

SANDY CITY
Summary of Net Assets
June 30, 2005

	Governmental		Business-type		Total Primary Government	
	2005	2004	2005	2004	2005	2004
Current and other assets	61,931,074	56,559,238	52,098,695	36,739,430	114,029,769	93,298,668
Capital assets	372,993,303	373,625,112	63,571,273	63,256,585	436,564,576	436,881,697
Total assets	434,924,377	430,184,350	115,669,968	99,996,015	550,594,345	530,180,365
Long-term liabilities outstanding	43,781,065	48,389,373	27,037,120	14,210,000	70,818,185	62,599,373
Other liabilities	25,357,111	25,006,965	2,705,844	2,573,243	28,062,955	27,580,208
Total liabilities	69,138,176	73,396,338	29,742,964	16,783,243	98,881,140	90,179,581
Net assets:						
Invested in capital assets, net of related debt	326,487,853	322,769,699	49,315,238	48,891,585	375,803,091	371,661,284
Restricted	5,914,418	9,357,059	-0-	223,136	5,914,418	9,580,195
Unrestricted	33,383,930	24,661,254	36,611,766	34,098,051	69,995,696	58,759,305
Total net assets	<u>\$ 365,786,201</u>	<u>\$ 356,788,012</u>	<u>\$ 85,927,004</u>	<u>\$ 83,212,772</u>	<u>\$ 451,713,205</u>	<u>\$ 440,000,784</u>

An additional portion of the City's net assets (1.3 percent) represents resources that are subject to external restrictions on how they may be used, all of which is from governmental activities. The remaining balance of *unrestricted net assets* (\$69,995,696) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of fiscal year 2005, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

Restricted net assets for governmental activities decreased 37 percent (\$3,442,641) during fiscal year 2005. Forty-six percent of the decrease resulted from the removal of the debt service reserve requirements associated with the 1998C Municipal Building Authority (MBA) Lease Revenue Bond (\$748,473) and the 1999 MBA Lease Revenue Bond (\$841,757) that were refunded during fiscal year 2005. The remaining 54 percent (\$1,852,411) of the decrease was attributable to the reduction in capital projects left to be completed.

The government's net assets increased \$11,712,421 during fiscal year 2005. This growth largely reflects capital asset additions, reserves for future and ongoing capital projects, and rate changes.

Governmental activities: Governmental activities increased the City's net assets by \$8,998,189, accounting for 77 percent of the total growth in the City's net assets. Key elements of this change are as follows:

- The City collected \$1,885,561 more than anticipated in franchise tax revenue. Beginning July 1, 2005, a 4 percent telecommunications franchise tax replaced the 6 percent telephone franchise tax, which expanded the tax base to include cellular phone services.
- Sales tax revenue posted higher in fiscal year 2005 over the prior year by \$696,072 and \$807,717 over budgeted expectations due to economic growth.
- Interest income for fiscal year 2005 came in at \$307,800 more than expected due to rising interest rates and the recovering economy.
- The storm water fund experienced a \$204,345 revenue increase from penalties and interest charged to delinquent utility customers. All penalty and interest amounts were accounted for in the water fund in prior years.
- The City received \$913,163 in new federal grant money during fiscal year 2005 including \$755,601 in Community Oriented Policing Services (COPS) funding for schools and technology, \$98,426 for homeland security, \$46,353 for parks, and \$12,783 for victim assistance. Additionally, the City received \$24,500 from the State of Utah for justice court technology and security as well as \$300,000 from Salt Lake County for construction costs and debt service related to the City's cultural arts facilities.
- The City retired \$4,263,844 in debt for governmental activities. More detailed information can be found in note 12, Long-term Obligations, on page 65 of the notes to the financial statements.

Business-type activities: Business-type activities increased the City's net assets by \$2,714,232, accounting for 23 percent of the total growth in the government's net assets. Key elements of the change in business-type net assets are as follows:

- On May 1, 2001, the City entered into an interlocal agreement with Salt Lake City and Metropolitan Water District of Salt Lake and Sandy (MWDSLS). Under this agreement, the System is obligated to pay an estimated total of \$126,310,000 over 30 years to the MWDSLS for capital improvements to be conducted by MWDSLS. The second annual assessment of \$2,806,881 was paid in fiscal year 2005. An assessment of \$4,210,322 will be paid in fiscal year 2006.
- The City entered into a contract with MWDSLS to receive preferential rights to water from the Ontario Drain Water Tunnel in exchange for \$13,832,100 (principal only) payable over 27 years. The principal portion of this transaction is recorded in the Water Fund as water rights acquisitions, including the corresponding debt. Therefore, there is no affect on the net assets of the Water Fund for fiscal year 2005.
- During fiscal year 2005, the City completed \$5,842,919 in water main additions. Work in process decreased by \$3,244,430, largely due to the completion of the Bell Canyon Raw Water Aqueduct and Automated Meter Reading projects. Both of these projects were transferred to water main additions.
- The waste fund contributed \$112,518 to the increase in business-type net assets. The primary reason, besides residential growth, is that the City's equity ownership of the Trans Jordan Landfill

increased \$136,703 for fiscal year 2005. For more information regarding the City's joint venture in Trans Jordan Landfill, see note 9 on pages 60-61 of the notes to the financial statements.

- In fiscal year 2005, Alta Canyon Sports Center caused a \$156,932 decrease in business-type net assets. Membership fees posted \$41,592 less than expected due to heavy construction in close proximity to the Center. The Sports Center also incurred \$46,076 in higher than expected personnel and contract services costs to administer programs and services. Depreciation expense was \$148,168 for fiscal year 2005. For more information regarding the City's management of Alta Canyon, see note 1 on page 47 of the notes to the financial statements.
- River Oaks Golf Course contributed \$91,947 to the overall increase in business-type activities' net assets. The Golf Course experienced a decrease in bond interest expense of \$63,182 compared to fiscal year 2004. Also occurring in fiscal year 2005 was a gain on sale of assets of \$20,726.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of Sandy City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2005, the City's governmental funds reported combined ending fund balances of \$33,135,168, an increase of \$3,162,785 in comparison with fiscal year 2004. Of this amount, \$27,220,750 (82 percent) is unreserved, and is therefore available for spending at the government's discretion. The remainder of the fund balance is *reserved* to indicate that it is not available for new

spending because it has already been committed to pay debt service (\$1,420,600) or to pay for capital projects, including road projects (\$4,493,818).

The general fund is the chief operating fund of the City. At the end of fiscal year 2005, fund balance of the general fund was \$4,154,891, all of which is unreserved. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 12 percent of the total general fund expenditures.

The fund balance of the City's general fund did not change during fiscal year 2005. The City chose to maintain current service levels and invest in future capital projects in lieu of increasing fund balance.

The storm water fund experienced an increase in fund balance of \$498,439 for fiscal year 2005 resulting in a total fund balance of \$6,896,939.

The debt service fund has a total fund balance of \$2,835,159, of which \$1,420,600 is reserved for the payment of debt service. The net fund balance decreased 33 percent (\$1,368,164) during fiscal year 2005. This decrease in fund balance is attributable to the refunding of the 1998C MBA lease revenue bond and the 1999 MBA lease revenue bond.

Fund balance in the capital projects fund increased \$3,122,989 during fiscal year 2005 leaving an ending fund balance of \$14,446,308. \$4,493,818 of ending fund balance is restricted for specific capital projects, including roads. The increase in fund balance resulted from planned projects that are yet to be completed.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the City's proprietary funds amounted to \$44,100,417 for the water fund, \$5,798,462 for the waste fund, and \$14,923 for Alta Canyon Sports Center.

While total net assets of River Oaks Golf Course are \$552,035, unrestricted net assets are negative \$(111,659). The reserved portion of net assets that is invested in capital assets, net of related debt is \$663,694, which includes debt payable over the next seventeen years. The portion of net assets invested in capital assets, net of related debt is shown separately from unrestricted net assets because capital assets cannot be used to pay related debt or other expenses as they are being used in the course of business.

Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget in the general fund amounted to a \$28,191 reduction in appropriations.

A transfer from the general fund to the capital projects fund in the amount of \$28,191 was originally budgeted for traffic calming projects throughout the City causing a decrease in the overall general fund budget.

Another significant budget change in the general fund during fiscal year 2005 was the mid-year addition of a full-time contract attorney totaling \$93,809. The departments the position will primarily service (i.e. fire, police, and public utilities) funded this position. Additionally, the budgeted purchase of a \$25,000 vehicle in the public works department was moved to non-departmental to reserve for a future purchase. Other significant budget highlights include the appropriation of \$48,271 for selective enforcement and \$30,000 for the Metro fire contract, which were funded by the general fund contingency.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2005 amounts to land, improvements other than buildings, machinery and equipment, autos and trucks, infrastructure (roadway system), street light system, and storm drain system. The net decrease in the City's investment in capital assets for fiscal year 2005 was \$317,121 (a less than one percent decrease for governmental activities and a less than one percent increase for business-type activities). The primary reason for the governmental activities decrease is accumulated depreciation outpacing capital asset additions in fiscal year 2005.

Major capital asset events during fiscal year 2005 included the following:

- The Public Utilities Department completed the Bell Canyon Raw Water Aqueduct for a total of \$1,331,228.
- The City capitalized an additional \$1,256,154 for water main replacements and \$126,510 for well equipment replacements.
- An additional \$411,862 was capitalized for ongoing underground power line projects.
- An additional \$1,880,712 was added to infrastructure, including \$724,242 in infrastructure land.

Construction in Progress	972,616	1,947,475	8,222,093	11,466,522	9,194,709	13,413,997
Total	\$ 372,993,303	\$ 373,625,112	\$ 63,571,273	\$ 63,256,585	\$ 436,564,576	\$ 436,881,697

The City did not record its roadway system infrastructure as part of the general fixed asset account group before July 1, 2002, but did record storm water and street light systems infrastructure in the appropriate funds at historical cost less depreciation. With the implementation of GASB Statement No. 34, Sandy City implemented the modified approach to account for roadway system infrastructure. Because many infrastructure assets may reasonably be expected to continue to function indefinitely if they are adequately preserved and maintained, GAAP allow a government to forego reporting depreciation in connection with networks or subsystems of infrastructure assets. A government choosing this option must commit to maintain those particular infrastructure assets at a predetermined condition level of its own choosing and must establish an asset management system that is adequate for that purpose. Sandy City has established a policy to maintain at least 80 percent of its roadway system at a good or better condition and have no more than 10 percent in a substandard condition. For the fiscal year ending June 30, 2005, the City has exceeded this goal for each of the three subsystems of the roadway network (arterials, collectors, and secondary) with 88.5 percent of the overall roadway network being in good or better condition and only .6 percent in substandard condition. This is an insignificant decrease from those in good or better condition at the end of fiscal year 2004 (89.7 percent) and from those in substandard condition for the fiscal year ending June 30, 2004 (.5 percent). The difference between the City's actual expenditures (\$4,647,642) and its predicted needs (\$5,121,575) to maintain the roadway system at these levels caused a 1.2 percent decrease in the overall system condition levels, but did not cause the levels to fall beneath the City's goal. More detailed information on this subject can be found in note 1 on page 52 of the notes to the financial statements and in the Required Supplementary Information section on page 81.

Additional information on the City's capital assets can be found in note 11 of the notes to the financial statements on pages 62-64 of this report.

Long-term debt. At the end of fiscal year 2005, the City had total long-term obligations outstanding of \$76,907,780. Of this amount, \$4,225,000 comprises debt backed by the full faith and credit of the government and \$6,018,000 is special assessment debt for which the government is liable in the event of default by the property owners subject to the assessment. The remainder of the City's bonded debt (\$48,550,000) represents bonds secured solely by specified revenue sources (i.e. revenue bonds). The

City's long-term obligations outstanding also include notes payable, long-term contracts payable, capital leases, and compensated absences totaling \$18,114,780.

Total other debt	4,282,680	4,481,524	13,832,100	-0-	18,114,780	4,481,524
Total outstanding debt	<u>\$ 48,865,680</u>	<u>\$ 53,129,524</u>	<u>\$ 28,042,100</u>	<u>\$ 14,365,000</u>	<u>\$ 76,907,780</u>	<u>\$ 67,494,524</u>

The City's total long-term debt increased \$9,413,256 (13.9 percent) during fiscal year 2005. Key factors in this increase are as follows:

- The City retired \$5,352,030 of debt with regularly scheduled payments.
- On November 1, 2004, the City issued \$16,520,000 in sales tax revenue and refunding bonds at 3 to 5 percent to refund the 1998C MBA lease revenue bond (\$7,150,000) and the 1999 MBA lease revenue bond (\$8,545,000) and to finance the costs associated with the acquisition, construction and equipment of road improvements, park improvements, and other City-owned capital improvements. Refunding the 1998C and 1999 bonds is expected to result in a decrease of \$231,738 in future debt service payments.
- The City entered into a contract with MWDSLS to receive preferential rights to water from the Ontario Drain Tunnel, increasing the Water Fund's long-term debt by \$13,832,100, payable over 27 years.

The City maintains a "Aa" rating from Moody's for Sandy City's general obligation bond and a "AA+" rating from Standard and Poor's for its sales tax revenue bonds. Only 3 percent of sales tax secured bonds enjoy a "AA+" bond rating nationwide. Standard and Poor's has rated the water revenue and refunding bonds "AA-".

Utah state statute limits the amount of general obligation debt a governmental entity may issue to 8 percent of the "reasonable fair cash value" of property. Of this percentage, a maximum of 4 percent may be used for general purposes. The remaining 4 percent and any unused portion of the 4 percent available for general purposes up to the maximum 8 percent may be utilized for water and/or sewer purposes. The current debt limitation for the City's general-purpose debt is \$272,568,204, and the limitation for water

and sewer debt is \$276,793,204. This limitation is significantly in excess of the City's outstanding general obligation debt.

Additional information on the City's long-term debt can be found in note 12 on pages 65-71 of this report.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the City's budget for fiscal year 2006:

- After several consecutive recessionary years, financial indicators point to strong economic growth in the next 12 months.
- The unemployment rate for Sandy City of 3.3 percent at June 30, 2005 did not change from June 30, 2004. This compares favorably with the State's June 2005 unemployment rate of 4.6 percent and the national seasonal unemployment rate of 5.0 percent.
- Sandy City continues to attract and maintain its commercial tax base through incentive strategies, legislative initiatives, and continued support from the existing business community.

While unreserved fund balance in the general fund did not change during fiscal year 2005, the City expects to contribute \$439,433 during fiscal year 2006, maintaining the cash reserve at 11.3 percent of general fund revenue.

As required by law, an impact fee study was completed in May 2005, which recommended changes to the City's fee schedule. In compliance with the recommendations, the City added police and fire impact fees to the budget for fiscal year 2006 and increased water connection fees. These fees are charged to new developments and are regulated by state law, which specifies that the proceeds be used for capital facilities made necessary by the new development.

In keeping with the master plan, the fiscal year 2006 budget includes the recommended annual 6.5 percent increase in order to meet escalating demand on the City's culinary water system. These increases will generate approximately \$1,050,000 in additional funding for capital outlays.

Parks reservation fees will increase 3 to 5 percent due to increases in employee compensation and utilities. Cemetery fee increases are 2 percent due to increased compensation costs. Similarly, community development fees will increase to bring fees closer to the actual cost of services. The fiscal year 2006 budget also accounts for a modest increase in recreation program fees to offset increasing costs and the addition of new programs.

Requests for Information

This financial report is designed to provide a general overview of Sandy City's finances for everyone with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Sandy City Finance Department, 10000 Centennial Parkway, Sandy, Utah 84070.

SANDY CITY

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets June 30, 2005

Amounts Reported for Governmental Activities in the Statement of Net Assets are Different Because:

Total Fund Balances for Governmental Funds (page 38)	\$ 33,135,168
Capital Assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:	
Land	189,709,253
Buildings and Systems	49,650,744
Improvements Other Than Buildings	8,649,428
Vehicles	3,654
Machinery and Equipment	481,153
Infrastructure	116,189,101
Construction in Progress	972,616
Total Capital Assets	365,655,949
Some of the City's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as receivables.	629,818
A portion of the excess revenue collected by the internal service funds must be returned to the business-type activities.	(531,743)
Internal services funds are used by the City to charge the costs of the fleet operations, information services, insurance, risk management, equipment and employee benefits. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	14,109,855
Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather as an expenditure when due. All liabilities - both current and long-term are reported in the statement of net assets.	
Accrued Interest Payable	(509,414)
Unamortized Bond Issuance Costs	631,702
	(4,925,000)
Bonds, Notes and Leases Payable - Noncurrent	(41,493,000)
Compensated Absences - Noncurrent	(917,134)
	(47,212,846)
Net Assets of Governmental Activities (page 35)	\$ 365,786,201

SANDY CITY

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2005

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Net Change in Fund Balances - Total Governmental (page 40)	\$ 3,612,785
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	621,379
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	11,686
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	4,671,511
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	37,762
Internal service funds are used by the City to charge the costs of various activities to individual funds. A portion of the internal service funds net revenues is reported with governmental activities.	<u>43,066</u>
Change in Net Assets of Governmental Activities (page 37)	<u>\$ 8,998,189</u>

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

The City operates under the council-mayor optional form of government. The City Council, comprised of seven elected individuals, is the governing authority for the City. The elected Mayor, with no voting rights on the City Council, has various administrative and veto powers. The City Council establishes City policy, approves the budget, and ratifies the appointment of the City Officials. The City Council is authorized to issue bonds, incur short-term debt, levy property taxes, and is not dependent on any other unit of local government.

As required by Accounting Principles Generally Accepted in the United States of America, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Therefore, data from these units are combined with data of the primary government. Each blended unit has a June 30 year end.

Blended Component Unit

The Sandy Redevelopment Agency (the Agency) was legally created as authorized by the Utah Neighborhood Development Act. The City Council is designated by ordinance as the governing body of the Agency. Therefore, the Agency is part of the City's reporting entity because the City has accountability for all significant fiscal and operating matters. The agency is reported as a Nonmajor Governmental Fund.

The Alta Canyon Recreation Special Service District (the District) was legally created as authorized by the Utah Special Service District Act. The District is within the boundaries of the City and services the northeast quadrant (or about one-fourth) of the City. The District's Advisory Board is comprised of seven elected individuals. The Advisory Board establishes District policy, appoints the District officials, advises the City with respect to collection and disbursement of funds, and is responsible for funding deficits. The District also has the following powers: to sue and be sued, eminent domain, to enter into contracts, and to acquire and construct facilities. Of equal importance, no tax may be levied and no bonds shall be issued unless authorized by a majority of the qualified voters of the District.

The City Council approves the District's budget, property tax rate, issuance of any long-term debt, and can, at its discretion, dissolve the District. The District provides services which almost exclusively benefit the City. As of January 1, 2003, the District requested the City to take over the management of its daily operations. The District is reported as a blended component unit in the Enterprise Section of the financial statements.

Investment in Joint Venture

The City is a partner with neighboring cities in a joint venture known as Trans-Jordan Cities. The purpose of this joint venture is to provide solid waste management and disposal services. Investment in this joint venture is accounted for using the equity method (see note 9).

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

Related Organizations

The City also has activities with Metropolitan Water District of Salt Lake and Sandy (MWDSLs). City officials appoint members to the board of directors, but the City's accountability does not extend beyond making the appointments.

Government-wide and Fund Financial Statements

The government-wide financial statements (the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, interfund activity has been removed from these statements. Governmental activities, which are largely supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on charges for services for support.

The statement of activities demonstrates the degree to which the direct expenses for a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for the Governmental Funds, Proprietary Funds, and Internal Service Funds. Major individual Governmental Funds and major individual Enterprise Funds are reported as separate columns in the basic financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Basis of accounting refers to when revenues or expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. All Governmental Fund financial statements are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. This means that only current assets and current liabilities are generally included on their balance sheets. Governmental Funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

All Governmental Fund financial statements are maintained and reported using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period, generally 60 days. Principal revenue sources susceptible to accrual include property taxes, sales taxes, franchise taxes, special assessments, and interest on investments. Furthermore, expenditures are recorded when fund liabilities

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

are incurred.

The Enterprise and Internal Service Fund financial statements are reported using the accrual basis of accounting. These funds are accounted for on a cost of services or "economic resources" measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. The City applies all applicable Governmental Accounting Standards Board (GASB) pronouncements to proprietary funds. Pronouncements of the Financial Accounting Standards Board (FASB) are applied if issued on or before November 30, 1989 and do not conflict with GASB pronouncements.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues for the City's enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Description of Funds

The City reports the following major governmental funds:

The **General Fund** is the government's primary operating fund. It accounts for the normal activities of the City (police, fire, public works, parks, community development, general government, etc.). These activities are funded principally by property taxes, sales and use taxes, franchise taxes, licenses, and permits.

The **Storm Water Fund** accounts for the City's revenues and capital expenditures associated with drainage for storm water runoff.

The **Debt Service Funds** are used to account for the accumulation of resources for payment of general long-term debt principal and interest and special assessment levies when the City is obligated in some manner for the payment.

The **Capital Projects Fund** accounts for the resources used to acquire, construct, and improve major capital facilities, other than those financed by Proprietary Funds. Capital Projects funds allow the City to compile project cost data and demonstrate that legal or contractual requirements, regarding the use of the resources, are fully satisfied. The principal source of funding is contributions from developers restricted for capital construction, operating transfers from the General Fund, grants, and bonding. All funds received for a particular purpose are restricted and used specifically for that purpose.

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

The City reports the following major Proprietary Funds:

The **Alta Canyon Sports Center Fund** accounts for the activities created by the Alta Canyon Recreation Special Service District.

The **Water Fund** is used to account for the operations of the City's water utility.

The **Waste Fund** accounts for waste collection services provided by an independent contractor.

The **Golf Fund** is used to account for the City's golf course.

Additionally, the City reports the following fund types:

The **Internal Service Funds** account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The Internal Service Funds include the Fleet Fund, the Information Services Fund, the Risk Management Fund, the Equipment Management Fund, and the Payroll Management Fund.

Budget Operation

The City operates within the budget requirements as specified by Utah State law. The financial reports reflect the following budget standards:

1. For the fiscal year beginning July 1, the budget officer prepares a tentative budget which is presented to the City Council on or before the first regularly scheduled meeting in May.
2. By resolution, the City Council legally adopts the final budget on or before June 22, after appropriate public hearings have been held. However, if there is a change to the certified tax rate, the final budget can be adopted as late as August 17.
3. Once adopted, the budget can be amended by subsequent City Council action. Reductions in or reallocations of departmental appropriations can be approved by the City Council upon recommendation of the Budget Officer, but increased appropriations require a public hearing prior to amending the budget. Transfers of unexpended appropriations from one expenditure account to another in the same department can be made with the approval of the Budget Officer.
4. Interim adjustments in estimated revenue and departmental appropriations during the fiscal year 2005 have been included in the final budget approved by the City Council, as presented in the financial statements. These amendments were not material in relation to the original appropriations.
5. As determined by Utah State law, the level for which expenditures may not legally exceed appropriations is the departmental budget within a given fund.
6. Budgets for the General, Special Revenue, Debt Service (General Purposes Debt Service Fund only), and Capital Projects Funds are adopted on a basis consistent with Accounting Principles Generally Accepted in the United States of America (GAAP). Special Assessment Funds are grouped with Debt

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

Service Funds. Operating and capital budgets are required by Utah State law for Proprietary Fund types, although such budgets are not required to be presented in the financial statements. In addition, budgets for Special Assessment Funds are not required by Utah State law.

7. All unexpended appropriations lapse at the end of the budget year. However, unexpended Capital Projects Fund appropriations may be reappropriated by a resolution of the City Council without holding public hearings.

Encumbrances

Encumbrance accounting is not employed by the City.

Investments

Investments in interest earning deposits are stated at cost plus or minus unamortized premiums or discounts which approximates fair value.

Inventory

The inventories are stated at the lower of cost, determined on the first-in first-out basis, or market.

Deferred Charges

Deferred charges represent issuance costs on bonds which are amortized over the life of the issue using the bonds outstanding or straight-line method, which approximates the interest method.

Interfund Transactions

In the normal course of its operations, the City has various transactions between funds. Various City funds provide a number of services such as administrative, fleet operations, information services, insurance and risk management, etc. to other City funds. Charges are treated as revenues in the fund providing the service and as operating expenses in the fund receiving the service. Non-recurring and non-routine transfers are accounted for as changes in fund balance. Other transfers are recognized as transfers in and out, respectively, by the funds involved. Short-term payables are shown as due to/from other funds. Long-term payables are shown as advances to/from other funds.

Other Depreciable Property

Other depreciable property, including autos, trucks, machinery and equipment, and office furniture and equipment, is stated at cost. Depreciation has been provided on a straight-line method over estimated useful lives.

Water Rights

Water stock, rights, and capacity are stated at cost.

Capital Assets

Capital Assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an individual

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

cost of more than \$7,500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost when actual historical cost is not available. Donated capital assets are valued at their estimated fair market value on the date donated. Depreciation on capital assets is computed using the straight-line method over the following estimated useful lives:

Wells	25 years
Water Tanks	25 years
Distribution Mains	33 years
Buildings and Structures	20-40 years
Pumps	8 years
Machinery and Equipment	5-10 years
Vehicles	5-15 years
Office Furniture and Equipment	5-10 years
Street Lights and Traffic Signals	30-50 years
Storm Water Improvements	40 years
Pools	30 years
Infrastructure	25 years

Modified Approach

With the implementation of GASB Statement No. 34, Sandy City began capitalizing roadway system infrastructure in fiscal year 2003. The City elected to follow the modified approach to account for this infrastructure. The City has made a commitment to preserve and maintain the roadway system of infrastructure assets at a condition level determined by the City. The City's Public Works department is responsible for determining the appropriate condition level at which the roadway system is to be maintained. No depreciation expense is reported for the roadway system after July 1, 2002; however, the estimated historical cost of roadway system infrastructure up to July 1, 2002 was recorded in total along with corresponding accumulated depreciation. Amounts capitalized in connection with improvements that lengthen the life of the roadway system are not reported unless the improvements also increase its service potential. The City maintains an inventory of the roadway system and performs periodic condition assessments to establish that the predetermined condition level is being maintained. Annual estimates are made by the City of the amounts that must be expended to preserve and maintain the roadway system at the predetermined condition levels.

Contributions

Certain proprietary fund types receive contributions for aid in construction from various sources. With the July 1, 2000 adoption of Statement of Governmental Accounting Standards (SGAS) No. 33, these contributions that were formerly credited directly to contributed capital accounts are now reflected as non-operating revenue. With the July 1, 2001 adoption of SGAS No. 34, amounts that were contributed in prior years and were shown as contributed capital at June 30, 2002, have been reclassified as beginning net assets.

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

Capital Leases

The City has acquired certain assets under leases which are required by Accounting Principles Generally Accepted in the United States of America to be accounted for as capital leases. A capital lease is one which results in the lessee (the City) obtaining financing for the purchase of the leased asset. The present values of the lease payments at inception of the leases and the corresponding assets are recorded. Governmental fund capital lease transactions are accounted for in the governmental activities portion of the government-wide statements, while those of the proprietary funds are accounted for in their respective funds. The liability is reduced each year by the portion of lease payments representing principal, not interest. The cost of leased assets is amortized over the life of the assets and the amortization expense is included with depreciation expense.

Utility Revenue

Throughout the year, utility revenues in the Water, Electric Utilities, and Storm Water Utilities funds are recorded when billed. At year end, the fund records, as unbilled receivables and revenue, an amount which approximates revenue from the last meter reading or billing date at fiscal year end.

Deferred Revenue

Deferred property tax revenue as of June 30, 2005 consists of property taxes levied for fiscal year 2004-2005 and collected in advance or recorded as a receivable. Deferred special assessment revenue as of June 30, 2005 consists of special assessments levied but not collected or available to pay liabilities of the current period.

Total Columns

The total columns shown on the accompanying fund financial statements are mathematical totals only and do not eliminate inter-fund transactions or include other entries required to present consolidated financial statements. The government-wide financial statements do, however, eliminate most inter-fund transactions and the double counting of revenues and expenses. They are therefore much closer to the consolidated financial statements presented in private sector accounting.

Note 2 - Reconciliation of Government-Wide and Fund Financial Statements

Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and net assets - governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that some of the City's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and are therefore reported as receivables. The \$629,818 in receivables consists of \$339,997 of delinquent property taxes and \$289,821 of justice court receivables.

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The \$621,379 difference consists of \$4,011,449 of capital outlays, \$(947,390) asset deletions and \$(2,442,680) of depreciation expense.

Another element of that reconciliation states that "The issuance of long term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance cost, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The \$4,671,511 difference consists of:

Principal Repayments	\$ 20,695,000
Amortization of Issuance Costs	(49,251)
Difference Between Interest Paid and Interest Expense Accrued	47,075
Debt issued or incurred:	
Sales Tax Revenue Bonds	(16,520,000)
Issuance Cost (net of premiums)	<u>498,687</u>
Total Difference Related to the Issuance and Repayment of Debt	<u><u>\$ 4,671,511</u></u>

Note 3 - Property Taxes

The property tax revenue of Sandy City is collected and distributed by the Salt Lake County Treasurer as an agent for the City. Utah State laws establish the process by which taxes are levied and collected. The property tax calendar is as follows:

1. By March 1, the City notifies the County Commission to establish a proposed date, time, and place for a tax rate adoption hearing.
2. By March 31, the County Treasurer settles property taxes charged and collected for the previous year.
3. By June 8, the County Auditor sends valuation, certified tax rate, and levy worksheet forms to the City.
4. Before June 22, the City adopts a proposed tax rate and certifies the tax rate with the County Auditor.
5. Before July 22 (if the City adopts a tax rate higher than the certified tax rate), the County Auditor mails a notice of intent to exceed the certified tax rate to property owners. This notice is normally combined with the tax notice.
6. By August 17, the City adopts the final tax rate and certifies the tax rate with the County Auditor.
7. Between August 8 and August 22, taxpayers may petition the County Board of Equalization for an adjustment in the taxable value of the real property.

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

8. By November 1, the County Auditor approves changes in taxable value of the real property and the County Treasurer mails tax notices with a due date of November 30. Payments made after November 30 are considered delinquent and are subject to a penalty.
9. Unless the delinquent taxes and penalties are paid before January 15, a lien is attached to the real property, and the amount of taxes and penalties bear interest from January 1 until paid. If after five years, delinquent taxes have not been paid, the County sells the property at a tax sale.

With the July 1, 2000 adoption of Statement of Governmental Accounting Standards (SGAS) No. 33, more fully described below, Sandy City changed its method of accounting for property taxes. SGAS No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, defines a nonexchange transaction as one in which "a government either gives value to another party without directly receiving equal value in exchange or receives value from another party without directly giving equal value in exchange." For property taxes, at January 1 of each year (the assessment date), the City has the legal right to collect the taxes has recorded a receivable and a corresponding deferred revenue for the assessed amount of those property taxes as of January 1, 2005. Most of the tax will not be received until the following fiscal year.

Note 4 - Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Investments with maturities of three months or less when purchased meet this definition.

Detailed accounting records are maintained for each individual fund; however, to provide the maximum amount of interest earnings on all funds of the City, all cash is pooled for investment purposes.

The City follows the requirements of the Utah Money Management Act (*Utah Code*, Section 51, Chapter 7) in handling its depository and temporary investment transactions. This law requires the depositing of City funds in a "qualified depository". The Act defines a "qualified depository" as any financial institution whose deposits are insured by an agency of the Federal government and which has been certified by the Commissioner of Financial Institutions as meeting the requirements as defined in Rule 11 of the Utah Money Management Act. Rule 11 establishes the formula for determining the amount of public funds which a qualified depository may hold in order to minimize risk of loss and defines capital requirements which an institution must maintain to be eligible to accept public funds. The Money Management Act also defines the types of securities allowed as appropriate temporary investments for the City and the conditions for making investment transactions. Investment transactions are to be conducted through qualified depositories or primary reporting dealers.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be recovered. The City's deposits are insured up to \$100,000 per account by the Federal Deposit Insurance Corporation (FDIC). Deposits above \$100,000 are exposed to credit risk. The bank balance of the City's

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

deposits totaled \$2,080,306, with a carrying value of \$2,170,421. Of this amount, \$100,000 was insured and the remaining \$1,980,306 was uninsured and uncollateralized. The City has no formal policy regarding deposit credit risk.

A summary of restricted and unrestricted cash and cash equivalents at June 30, 2005 is as follows:

	Cash and Cash Equivalents
Unrestricted	\$ 49,336,191
Restricted	7,550,345
Total	\$ 56,886,536
Deposits	\$ 2,170,421
Investments	54,716,115
Total	\$ 56,886,536

Note 5 - Investments

The City's investment policies are governed by State statutes. City funds are invested only in the following: (1) negotiable or nonnegotiable deposits of qualified depositories; (2) repurchase agreements with qualified depositories or primary reporting dealers, acting as principal for securities of the United States Treasury or other authorized investments, only if these securities are delivered to the custody of the City Treasurer or the City's safekeeping bank or are conducted with a qualified depository; (3) commercial paper which is rated P-1 by Moody's Investor Services or A-1 by Standard and Poor's Inc., having a remaining term to maturity of 270 days or less; (4) bankers' acceptances that are eligible for discount at a federal reserve bank and which have a remaining term to maturity of 270 days or less; (5) negotiable interest bearing deposits of \$100,000 or more which have a remaining term to maturity of 365 days or less; (6) obligations of the United States Treasury including United States Treasury Bills, United States Treasury Notes, and United States Treasury Bonds; (7) obligations issued or fully guaranteed as to principal and interest by the following agencies or instrumentalities of the United States in which a market is made by a primary reporting government securities dealer: Federal Home Loan Banks, Federal Farm Credit Banks, Federal National Mortgage Association, Federal Agricultural Mortgage Corporation, Federal Home Loan Mortgage Corporation, Tennessee Valley Authority, or Student Loan Marketing Association; (8) the Utah State Treasurer's Investment Fund; and (9) fixed and variable rate corporate obligations that meet criteria under the Money Management Act.

The City invests in the Public Treasurer's Investment Fund (PTIF) which is an external investment pool administered by the Utah State Treasurer. The PTIF is available for investment of funds administered by any

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

Utah public treasurer. There is no required participation and no minimum balance or minimum/maximum transaction requirements.

The PTIF is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Utah Money Management Act. The Act establishes the Money Management Council which oversees the activities of the State Treasurer and the PTIF. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah and participants share proportionally in any realized gains or losses on investments.

The PTIF allocates income and issues statements on a monthly basis. The PTIF operates and reports to participants on an amortized cost basis. The participant's balance is their investment deposited in the PTIF plus their share of income, gains, and losses net of administration fees which is allocated to each participant on the ratio of each participant's share to the total funds in the PTIF. The participant's monthly investment amount is based upon their average daily balance. Twice a year at June 30 and December 31, the investments are valued at fair value for participants (public entities having those year ends) to enable them to adjust their investments in this pool at fair value. The Bank of New York and the State of Utah separately determine each security's fair value in accordance with GASB Statement No. 31 (i.e. for almost all pool investments the quoted market price as of June 30, 2005) and then compare those values to determine an agreed upon fair value of the securities.

As of June 30, 2005, the City had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	More than 10
State of Utah PTIF	\$ 54,716,115	\$ 54,716,115			

Credit Risk

Investment credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's policy for reducing its exposure to credit risk is to comply with the Money Management Act. The Act details authorized investments which are high-grade securities and, therefore, subject to very little credit risk except in the most unusual and unforeseen circumstances.

As of June 30, 2005, the City had the following investments and quality ratings:

Investment Type	Fair Value	Quality Ratings			
		AAA	AA	A	Unrated
State of Utah PTIF	\$ 54,716,115				\$ 54,716,115

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the Money Management Act. The Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

remaining term to maturity of all investments in commercial paper, bankers' acceptances, fixed rate negotiable deposits, and fixed rate corporate obligations 270-365 days or less. In addition, variable rate negotiable deposits and variable rate securities may not have a remaining term to final maturity exceeding 2 years.

As of June 30, 2005, the City had no investments requiring risk disclosure.

Note 6 - Restricted Assets

General Fund activity in unexpended State Road funds, during fiscal year 2005, that are required by the Utah State law to be restricted for road construction and maintenance, are summarized as follows:

State Road Allotment	\$ 2,828,925
Expenditures: Highway Maintenance	<u>(2,828,925)</u>
Unexpended State Road Allotment	<u>\$ -0-</u>

Debt Service Fund

Pursuant to Utah State law and the bond indentures of the Auto Mall Special Improvement District Special Assessment Bonds, the City has created a Special Improvement Guarantee Fund. The assets of the Special Improvement Guarantee Fund are restricted for payment of maturing special improvement bonds and interest accruing thereon of \$196,000. As of June 30, 2005, the amount held of \$196,000 was in compliance with funding requirements.

Pursuant to Utah State law and the bond indentures of the City Center Special Assessment Bonds, the City has created a Special Improvement District Fund. The assets of the Special Improvement District Fund are restricted for payment of maturing special improvement bonds and interest accruing thereon of \$440,900. As of June 30, 2005, the amount held of \$440,900 was in compliance with funding requirements.

Pursuant to Utah State law and the bond indentures of the South Towne Ridge Special Assessment Bonds, the City has created a Special Improvement District Fund. The assets of the Special Improvement District Fund are restricted for payment of maturing special improvement bonds and interest accruing thereon of \$76,200. As of June 30, 2005, the amount held of \$76,200 was in compliance with funding requirements.

Pursuant to the 2000 Motor Fuel Excise Tax Revenue Bonding Agreement, the City is required to have a debt service reserve of \$707,500. As of June 30, 2005, the City was in compliance with funding requirements with reserves in the General Purpose Debt Service Fund.

Note 8 - Due From/To Other Funds

Short term interfund loans at June 30, 2005 are summarized as follows:

Fund	Due From Other Funds	Due to Other Funds
Governmental Funds:		
Redevelopment Agency	\$ 191,695	
Debt Service - Innkeeper		\$ 191,695
Business-Type Funds:		
Water Fund	100,695	
Golf Fund		100,695
Total	\$ 292,390	\$ 292,390

Note 9 - Joint Venture

As of June 30, 2005, the City has a 34.27 percent ownership in Trans-Jordan Cities (the Association). The Association was organized in 1968 as a joint enterprise fund of the cities of Midvale, West Jordan, Murray, and Sandy, Utah. In 1997 the Association was joined by the City of South Jordan, and the Cities of Draper and Riverton joined in 1998. The primary purpose of the Association is the operation, maintenance, and control of a refuse dumping site situated east of Bingham Canyon in Salt Lake County. The percentage interest in operations for each of the entities is as follows:

Sandy City	34.27%
West Jordan City	26.45
Murray City	9.72
Midvale City	6.02
South Jordan	9.53
Draper	6.62
Riverton	<u>7.39</u>
Total	<u>100.00%</u>

The Association is governed by its own Board of Directors. Under the Organization Agreement, the board is composed of the Mayors, or their appointed representatives, of the seven participating cities. The Board of Directors appoints the management and staff of the Association and approves all financial matters such as the

On December 15, 1995, the City issued \$6,250,000 in General Obligation Refunding Bonds (series 1995) with a maturity date of December 15, 2011 at interest rates of 3.60 to 5.50 percent. The bonds were issued for the purpose of advance refunding of the City's \$8,065,000 Public Building and Refunding Bonds (series 1991) which were originally issued for (i) the construction of a City hall/police station; (ii) the refunding of certain certificates of participation; and (iii) the refunding of certain general obligation bonds. The bonds maturing on or prior to December 15, 2005, are not subject to call and redemption prior to maturity, while those maturing on or after December 15, 2006, are subject to redemption at the option of the City on December 15, 2005, and on any date thereafter. The redemption price is equal to 100% of the principal amount plus accrued interest.

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

Special Improvement Bonds with Governmental Commitment

Principal and interest on special improvement bonds are paid from special assessment collections. The primary source of repayment of the special assessment debt is assessments against the benefitted property owners. This debt is secured by liens on assessed property and is also backed by the full faith and credit of the City as additional security (see debt service reserve requirement in Note 5).

A separate fund, the Special Improvement Debt Service Fund, has been established to contain the receipts derived by the City from the special assessments levied upon the property included in the special improvement districts together with interest on the assessments and, if necessary, additional funds transferred by the City to the debt service fund. Under the terms of the special improvement bond resolutions and state law, the City has agreed to maintain a special improvement guarantee account for the benefit of the bondholders.

On September 1, 2002, the City issued \$1,960,000 in Special Assessment Refunding Bonds (Auto Mall) at rates from 2.73 to 4.83 percent with a final maturity date of September 1, 2012. This bond replaced the 1993 Special Assessment bond. The Special Improvement District No. 90-1 (Auto Mall) was originally established by the City for the purpose of making improvements within the District. Assessments have been levied against the property included within the district to finance the cost of the improvements, all in conformance with and subject to the requirements of the Improvement District Act.

On December 19, 2002, the City issued \$4,409,000 in Special Assessment Bonds at rates from 2.65 to 4.75 percent with a final maturity date of December 15, 2012. The Special Improvement District No. 2001-1 (Parking Structure) was established by the City for the purpose of acquisition of land and rights of way and construction of parking and plaza improvements.

On December 19, 2002, the City issued \$762,000 in Special Assessment Bonds at rates from 2.80 to 4.80 percent with a final maturity date of December 15, 2012. The Special Improvement District No. 2000-1 (South Towne Ridge Road) was established by the City to acquire land and rights of way, to construct roads, and to install water, sewer, and storm drain improvements.

Motor Fuel Bonds

On March 7, 2000, the City issued \$7,075,000 in Motor Fuel Excise Tax Revenue Bonds. The series 2000 bonds bear interest at 4.25 to 5.25 percent and have a final maturity of January 15, 2010. The bonds were issued to finance the construction or repair of streets located within the City boundaries. The City has pledged motor and special fuel excise taxes (Class C road funds) as collateral for these revenue bonds. The series 2000 bonds are not callable for redemption prior to maturity.

Water Bonds

On April 22, 2004, the Water Utility issued \$9,965,000 in Water Revenue and Refunding Bonds (Series 2004) at rates from 2.50 to 5.00 percent with a final maturity date of November 15, 2025. The bonds were issued for the purpose of (i) refunding all of the City's outstanding Water Revenue and Refunding Bonds, Series 1993A, (ii) financing costs of certain improvements to the City's water system and (iii) paying costs of issuance of the Series 2004 Bonds.

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

The bond resolution approved in conjunction with the issuance of the 2004 Sandy City Water Revenue and Refunding Bonds provides, among other things, that certain funds be established and that certain accounting procedures be followed. Under the terms of the resolution, the City will establish and collect rates and charges (including impact fees and connection fees) for System services which are reasonably expected to produce net revenues equal to 110 percent of the aggregate annual debt service requirement for such year.

Municipal Building Authority (MBA) Bonds

On December 1, 1998, the Municipal Building Authority issued \$7,840,000 in Lease Revenue Bonds (series 1998C) at rates from 3.80 to 4.80 percent with a final maturity date on June 15, 2020. The series 1998C bonds were issued for the purpose of financing the costs of the acquisition and construction of a public amphitheater and other related improvements on land owned by the City. The proceeds from the sale of the series 1998C Bonds were also used for the purpose of funding a deposit to the debt service fund, paying capitalized interest on a portion of the series 1998C bonds and paying necessary issuance costs. The bonds maturing prior to June 15, 2009 are not subject to call and redemption prior to maturity, while those maturing on or after June 15, 2009, are subject to redemption at the election of the City on June 15, 2008 and on any date thereafter. The redemption price is equal to 100% of the principal amount plus accrued interest. These bonds were refunded during fiscal year 2005 with the Series 2004 Sales Tax Revenue and Refunding Bonds. See the "Sales Tax Revenue Bonds" section below for additional information.

On December 7, 1999, the Municipal Building Authority issued \$9,780,000 in Lease Revenue Bonds (series 1999) at rates from 4.30 to 5.30 percent with a final maturity date on June 15, 2020. The bonds were issued for the purpose of acquiring land for Quail Hollow Park and constructing facilities at Lone Peak Park. The bonds maturing prior to June 15, 2010 are not subject to call and redemption prior to maturity, while those maturing on or after June 15, 2011, are subject to redemption at the election of the City on June 15, 2010 and on any date thereafter. The redemption price is equal to 100% of the principal amount plus accrued interest. These bonds were refunded during fiscal year 2005 with the Series 2004 Sales Tax Revenue and Refunding Bonds. See the "Sales Tax Revenue Bonds" section below for additional information.

On March 6, 2001, the Municipal Building Authority issued \$600,000 in Lease Revenue Bonds (2001A) at an interest rate of 4.71 percent with a final maturity date on March 1, 2006. The bonds were issued for the purpose of constructing a fire station.

Sales Tax Revenue Bonds

Sales Tax Revenue Bonds are special limited obligations of the City that are backed by the sales and use taxes levied by the City under the Local Sales and Use Tax Act.

On February 15, 2002, the City issued \$10,180,000 in Sales Tax Revenue Bonds (series 2002) at rates from 3.00 to 5.25 percent with a final maturity date of September 15, 2016. The bonds were issued to finance the costs associated with acquiring, constructing, and equipping certain storm drain improvements and paying the costs of issuing the bonds. The bonds maturing on or prior to September 15, 2011 are not subject to redemption prior to maturity, while those maturing on or after September 15, 2012 are subject to redemption at the election of the City on March 15, 2012 and on any date thereafter. The redemption price is equal to 100 percent of the principal amount plus accrued interest.

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

On July 1, 2002, the City issued \$4,550,000 in Sales Tax Revenue Bonds (series 2002B) at rates from 3.00 to 4.50 percent with a final maturity date of September 15, 2023. The bonds were issued to finance costs associated with acquiring, constructing, and equipping a golf course (River Oaks) and park improvements, and paying the costs of issuing the bonds. The bonds maturing on or prior to September 15, 2012 are not subject to redemption prior to maturity, while those maturing on or after September 15, 2012 are subject to redemption at the election of the City on September 15, 2012 and on any date thereafter. The redemption price is equal to 100 percent of the principal amount plus accrued interest.

On August 15, 2003, the City issued \$7,225,000 in Sales Tax Revenue Bonds (series 2003) at rates from 1.75 to 4.60 percent with a final maturity date of September 15, 2023. The bonds were issued to finance the costs associated with (i) the acquisition of a justice court building, (ii) the refunding of the 1996 Motor Fuel Excise Tax Revenue bonds and the 1994B \$2,325,000 Lease Revenue bonds and (iii) paying the costs of issuing the bonds. The bonds maturing on or before September 15, 2013, are not subject to optional redemption prior to maturity, while those maturing on or after September 15, 2014 are subject to redemption at the election of the City. The redemption price is equal to 100 percent of the principal amount plus accrued interest.

On November 1, 2004, the City issued \$16,520,000 in Sales Tax and Refunding Bonds (series 2004) at rates from 3.0 percent to 5.0 percent with a final maturity date of June 15, 2020. The bonds were issued to (i) refund the 1998C and 1999 Municipal Building Authority Lease Revenue Bonds, (ii) finance the costs associated with the acquisition, construction and equipping of road improvements, park improvements and other City-owned capital improvements and (iii) pay costs associated with the issuance of the 2004 Bonds. The 2004 bonds maturing on or after June 15, 2014 are not subject to optional redemption prior to maturity. The 2004 bonds maturing on or after June 15, 2015 are subject to redemption at the option of the City on June 15, 2014, and on any date thereafter prior to maturity at a redemption price equal to 100 percent of the principal amount of the 2004 bonds to be redeemed, plus accrued interest thereon on the redemption date.

Notes Payable

On June 6, 1996, the City issued a \$2,515,000 note, guaranteed by the U.S. Department of Housing and Urban Development (HUD), for the creation of a Senior Citizen's Center on 9310 South 1300 East. Interest on the note payable is variable, based upon LIBOR plus 0.2 percent. For the purpose of estimating debt service requirements, interest rates between 5.870 and 7.030 percent have been derived. The date of maturity on the note payable is August 1, 2015.

Compensated Absences

It is the City's policy to permit employees to accumulate earned vacation benefits. All vacation pay is accrued when incurred in the government-wide funds financial statements. The liability for these amounts is funded in the Payroll Management Fund, an internal service fund, for proprietary funds and governmental funds if they have matured.

Capital Leases

On February 14, 2003, the City entered into a lease agreement as lessee for financing the acquisition of previously purchased golf course equipment at an interest rate of 2.7 percent. A down payment of \$86,000 was

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

required at the inception of the lease. This lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of its future minimum lease payments as of the inception date. The assets acquired through capital leases are as follows:

	Governmental Activities
Asset:	
Machinery and equipment	\$ 423,058
Less: Accumulated depreciation	(124,456)
Total	<u>\$ 298,602</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2005 were as follows:

<u>Year Ending June 30</u>	Governmental Activities
2006	\$ 92,236
2007	92,236
Total minimum lease payments	184,473
Less: amount representing interest	(7,211)
Present value of minimum lease payments	<u>\$ 177,262</u>

Contracts Payable

During fiscal year 2005, the City acquired preferential water rights for water produced from the Ontario Drain Tunnel through MWDSLS. MWDSLS issued \$81,750,000 in Series 2005 A & B Water Revenue Bonds bearing interest rates from 3.0 percent to 5.0 percent. The City will pay 16.92 percent of this debt to MWDSLS over 27 years (the life of the debt). Additional information concerning committed payments to MWDSLS can be found in note 18 - Commitments and Contingencies.

Defeasance of Debt

During fiscal year 1996, the City issued \$6,250,000 in General Obligation Refunding Bonds. Such bonds were issued to advance refund \$5,585,000 of the \$7,815,000 outstanding 1991 Series Bonds. At June 30, 2005, the balance of those bonds which were considered extinguished was \$4,285,000.

During fiscal year 2004, the City issued \$7,225,000 in Sales Tax Revenue and Refunding Bonds. \$3,160,000 of the proceeds were used to advance refund \$1,080,000 of the outstanding 1994B Lease Revenue Bonds and \$3,410,000 of the 1996 Motor Fuel Excise Tax Revenue Bonds. At June 30, 2005, the balance of bonds which were considered extinguished was \$1,760,000.

During fiscal year 2004, the City issued \$9,965,000 in Water Revenue and Refunding Bonds. \$3,890,000 of the proceeds were used to advance refund \$5,975,000 of the outstanding 1993A Water Revenue Refunding Bonds. As of June 30, 2005, the balance of bonds which were considered extinguished was \$3,890,000.

During fiscal year 2005, the City issued \$16,520,000 in Sales Tax Revenue and Refunding Bonds. \$14,990,000 of the proceeds were used to advance refund \$7,150,000 of the 1998C MBA Lease Revenue Bonds and \$8,545,000 of the 1999 MBA Lease Revenue Bonds. At June 30, 2005, the balance of bonds which

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

were considered extinguished was \$15,695,000. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt total \$231,738. The economic gain (difference between the present values of the old and new debt service payments) resulting from this transaction is \$189,237.

Note 13 - Industrial Development Revenue Bonds

The City has issued industrial development revenue bonds for the benefit of various developers to aid in building a commercial base within Sandy City limits. Principal and interest payments of such industrial development revenue bonds are to be made entirely by the various developers. The City will not become liable for these bonds even if developers can no longer make the payments. Consequently, the following bonds and their related interest are not shown as a liability in the accompanying financial statements:

Industrial Development Revenue Bonds Issued for Developers	Year Issued	Maturity Date	Original Amount	Total Retired	Balance 6/30/05
Boyer 106 th S. Associates Project	1985	12/01/06	\$ 4,000,000	\$ 2,805,000	\$ 1,195,000
DREE Project	1985	11/15/10	8,770,000	4,275,000	4,495,000
South Towne Hotel Associates Project	1985	11/20/10	9,350,000	4,810,000	4,540,000
H. Shirl Wright Project	1986	12/15/16	9,000,000	4,100,000	4,900,000
Total Industrial Revenue Bonds Issued for Developers			\$ 31,120,000	\$15,990,000	\$ 15,130,000

Note 14 - Pension Plans

Plan Description

The State of Utah requires all agencies with public employees to contribute to Utah State Retirement Systems (USRS). Based upon the type of public employee and their retirement elections, the City contributes to various plans within the USRS: the Local Governmental Contributory Retirement System, the Local Governmental Non-Contributory Retirement System, the Public Safety Retirement System for employers without Social Security coverage, the Firefighters Retirement System which is for employers without Social Security coverage, all of which are cost-sharing multiple-employer defined benefit pension plans administered by the USRS. USRS provide retirement benefits, annual cost of living adjustments, death benefits, and refunds to plan members and beneficiaries in accordance with retirement statutes established and amended by the State Legislature.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated 1953 as amended which also establishes the Utah State Retirement Office. Chapter 49 places the Systems, the Office and related plan and programs under the direction of the Utah State Retirement Board whose members are appointed by the Governor. The Systems issue a publicly available financial report that

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

includes financial statements and required supplementary information for the systems and plans. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, Utah 84102 or by calling 1-800-753-7361.

Funding Policy

Plan members in the Local Government Contributory Retirement System are required to contribute based upon participating employees' annual salaries. The contribution rates in effect from July 1, 2004 through June 30, 2005 are as follows:

	Employee Paid	Employee Contributor Paid by City 100% costed	City's Matching Contributions	Total Contribution
Local Government Contributory Retirement System	N/A	6.00 %	7.08 %	13.08 %
Local Government Non-Contributory Retirement System	N/A	N/A	11.09	11.09
Public Safety Retirement System for employers Without Social Security coverage	4.90 %	5.60	12.35	22.85
Firefighters' Retirement System for employers Without Social Security coverage	N/A	7.83	N/A	7.83

The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the Board.

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

Trend Information

The following contributions have been made in the past three years and were equal to the required contributions for each fiscal year ending on June 30th:

	2004	2003	2002
Local Governmental Contributory Retirement System	\$ 114,081	\$ 115,531	\$ 117,070
Local Governmental Non-Contributory Retirement System	796,342	929,319	1,114,612
Public Safety Retirement System for employers without Social Security coverage	839,701	945,469	1,101,096
Firefighters Retirement System for employers without Social Security coverage	274,157	267,492	274,157
Total	\$ 2,024,281	\$ 2,257,811	\$ 2,606,935

Note 15 - Deferred Compensation Plans

The City offers its employees a 457 deferred compensation plan and 401(K) defined contribution tax-sheltered annuity plan. Both plans are provided for within the Internal Revenue Code. The plans, assets, and associated liabilities are administered by external agencies: ICMA Retirement Corporation and Utah State Retirement Systems (USRS). The plans, available to all City employees, permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All ownership and associated interest of the plan is held solely for the benefit of the employees. As a result, the City does not carry the assets or associated liabilities in the City's financial statements.

The City contributes to a 401(K) plan for and on behalf of its public employees, elected and appointed officials, City Council members, temporary, and seasonal employees. The City Council authorizes a percentage based upon an employees base wage to be contributed into deferred compensation plans: 17.95% for full-time employees, 8.05% for council members, and 7.50% for temporary and seasonal employees. As noted previously, the USRS deferred compensation rate is actuarially determined by the State depending upon the employee classification. The required contribution rates to the 401(K) plan equals the City Council authorized amount less the USRS mandated rate and are as follows: Public Employees covered under the Non-Contributory State Retirement 6.86%, Public Employees covered under the Contributory State Retirement 4.87%, Elected/Appointed Officials 17.95%, Firefighters 10.12%, Temporary/Part-time 7.5%, and City Council members 8.05%. Because the deferred compensation rate for the Public Safety Retirement System exceeds 17.95%, the City does not pay into the 401(k) plan for police officers. The required contribution rate to the 457 plan on behalf of temporary and seasonal employees is 7.5%. The City's total contributions were \$1,600,467 which is 6.9% of the \$23,047,585 in total payroll for covered employees for the year ended June 30, 2005. The City's and employee's contributions for each employee (and interest allocated to the employee's account) are fully vested in the employee's account from the date of employment. In addition, all employees are eligible to

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

participate in an elective deferral plan which permits them to defer a portion of their salary until future years. The total contributions made by the employees were \$1,172,430 for the year ended June 30, 2005. At June 30, 2005 the City has made all payments to the plan administrator to satisfy this funding requirement.

Note 16 - Post Employment Benefits

The City allows terminated or retired employees to continue their health insurance benefits for a period of 18 months after the employee's termination or retirement date. The City will pay up to two months of these premiums for an employee and their plan dependents in the event that (1) a current full or part time employee dies, or (2) a full or part time employee is approved for disability due to their diagnosis as terminally ill. All other terminated or retired employees are required to pay the full cost of such extended health insurance coverage. As of June 30, 2005, 9 employees had elected to participate in this post-employment benefit program. The administrative costs to the City of such benefits were not significant for the year ended June 30, 2005.

Note 17 - Vacation and Sick Leave

The City permits employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service. All vacation pay is accrued when incurred in the government-wide and proprietary financial statements.

Employees can accrue vacation days at various rates depending upon length of service. There are no requirements that vacation leave be taken, but the maximum permissible accumulation is 320 hours except for firefighters who can accumulate 480 hours. At termination, employees are paid for any unused accumulated vacation leave.

The Payroll Management Fund, an internal service fund, contains the City's entire compensated absences liability except for the long-term liability portion of the General Fund. The long-term liability portion in the General Fund is considered to be any amount in excess of what an employee can accrue in one year. As of June 30, 2005, this unfunded amount is \$917,134.

Employees earn sick leave at the rate of 12 days per year. Unused sick leave may be carried forward to subsequent years until a maximum of 480 hours is accumulated.

Note 18 - Commitments and Contingencies

The City is a defendant in various claims and suits arising from the ordinary course of business. The City's legal counsel believes that it has meritorious defenses and that any liability resulting from these matters would not be material. Accordingly, no provision for loss related to litigation has been made in the accompanying financial statements.

Commitments for major construction and capital improvements projects totaled \$1,677,652 at June 30, 2005.

The Sandy City Redevelopment Agency (RDA), a governmental-type fund, has two outstanding commitments for payment of tax increment to Jordan School District and the Salt Lake County Sewer District. The following is a schedule of estimated future payments to both of these entities as of June 30, 2005.

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

Estimates are based on 2005 property tax rates and values:

	RDA Fund
2006	\$ 88,355
2007	85,297
2008	85,297
2009	85,297
2010	85,297
2011-2015	402,029
2016-2020	249,167
2021-2025	212,480
2026-2030	212,480
2031-2035	212,480
Thereafter	424,960
Total	<u>\$ 2,143,139</u>

In 1999, the City agreed to pay the Macerich Company \$230,000 per year for ten years as a tax increment refund for the Dillard's department store at South Towne Center. As of June 30, 2005, three payments remain totaling \$690,000. These payments are made out of the RDA fund.

The Public Utilities department (an enterprise fund) currently has a long-term commitment payable to MWDSLS for various capital improvements. The following is a schedule of future payments due to MWDSLS for capital improvements as of June 30, 2005:

	Water Fund
2006	\$ 4,210,322
2007	4,210,322
2008	4,210,322
2009	4,210,322
2010	4,210,322
2011-2015	21,051,610
2016-2020	21,051,610
2021-2025	21,051,610
2026-2030	21,051,610
2031-2035	16,841,629
Total	<u>\$ 122,099,679</u>

In the normal course of operations, the City receives grant funds from various Federal agencies. The grant operations are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement that may arise as the result of audits of grant funds is not believed to be material.

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

Note 19 - Transfers In/Out

During the course of normal operations, the City has transfers between the various funds. The principal purposes of the City's interfund transfers are debt service and capital projects. Transfers in and out for the year ended June 30, 2005 are summarized as follows:

Transfers Out From :								
	General	Redevelopment Agency	Community Development	Risk Management	Storm Water Utilities	Debt Service	Total Transfers In	
Transfers in to the following funds:								
General	\$ -0-	\$ 40,000	\$ -0-	\$ -0-	\$ -0-	\$ -0-	\$ 40,000	
Community Arts	304,201	-0-	-0-	-0-	-0-	-0-	304,201	
Amphitheater	108,079	-0-	-0-	-0-	-0-	-0-	108,079	
Recreation	222,997	-0-	-0-	-0-	-0-	-0-	222,997

Golf	-0-	150,000	-0-	-0-	-0-	-0-	150,000	
Total Transfers Out	\$ 7,066,081	\$ 1,489,357	\$ 238,183	\$ 80,000	\$ 923,205	\$ 729,090	\$ 10,525,916	

Note 20 - General Fund Administrative Charges

The General Fund charges certain special revenue funds and proprietary funds for various administrative services. These transactions have been recorded as revenue and expenses or expenditures to the funds as if they involved organizations external to the City. The amounts charged to those funds during fiscal year 2005 are as follows:

SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

	General <u>Government</u>	Public Works <u>Administration</u>	<u>Total</u>
Special Revenue Funds:			
Redevelopment Agency	\$ 69,687	\$ 1,430	\$ 71,117
Storm Water Utilities	110,846	-0-	110,846

Total	<u>\$1,282,839</u>	<u>\$ 61,751</u>	<u>\$ 1,344,590</u>

Note 21 - Risk Management

The City is exposed to various risks of loss including torts; workers compensation claims; theft of, damage to or destruction of assets; errors and omissions; and natural disasters. Insurance coverages for these risks were provided by several commercial insurance carriers. The general liability policy has a \$2,000,000 self insured retention with a \$10,000,000 limit per occurrence. Workers compensation claims are covered by the Workers Compensation Fund. The City commercially insures real property and also insures fleet equipment with individual values in excess of \$40,000 and self-insures all other fleet equipment. For the last 3 years, claim settlements have not exceeded insurance coverage.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been Incurred But Not Reported (IBNR). The liability for claims and judgements is reported in the Insurance & Risk Management Fund and has been expensed in the current period. Changes in the balances of claims liabilities during the past two years are as follows:

	Year Ended <u>June 30, 2005</u>	Year Ended <u>June 30, 2004</u>
Unpaid Claims, Beginning of Fiscal Year	\$556,122	\$ 792,636
Incurred Claims & Changes in Estimates (Including IBNR's)	104,217	128,067
Claims Payments	<u>(148,553)</u>	<u>(364,581)</u>
Unpaid Claims, End of Fiscal Year	<u>\$ 511,786</u>	<u>\$ 556,122</u>

**SANDY CITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005**

Note 22 - Sandy City Redevelopment Agency

For the year ending June 30, 2005 the following activity occurred in the City's Redevelopment Agency:
Tax increment collected by the Agency for each project area:

South Towne	\$ 1,445,164
Civic Center South	1,152,315
Civic Center North	953,988
South Towne Ridge Road	<u>447,828</u>
	<u>\$ 3,999,295</u>

Tax increment paid to other taxing agencies	\$44,852
Outstanding loans which financed RDA projects	\$14,506,000

Amounts expended for:

Installation of public utilities or other public improvements	\$551,888
Administrative costs	\$231,345

Note 23 - Related Party Transactions

During the year ended June 30, 2005, the Water Fund (an enterprise fund) made the following payments to MWDSLs, which is a related entity of the City:

- A capital assessment of \$2,806,881 for capital improvements to be conducted by MWDSLs;
- \$244,591 for water rights to the Ontario Drain Tunnel water; and
- \$1,918,620 for water purchases.

Note 24 - Subsequent Event Disclosure

The City issued \$3,650,000 in general obligation refunding bonds (series 2005) dated September 13, 2005 for the purpose of retiring on December 15, 2005, \$3,670,000 of the City's currently outstanding General Obligation Refunding Bonds (Series 1995) which mature on December 15 of the years 2006 through 2011. The Bonds are also being issued to pay certain costs of issuance.

SANDY CITY

Roadway System Condition and Maintenance

Modified Approach for Infrastructure

June 30, 2005

The condition of the road pavement is measured using the Stantec Pavement Management Application (PMA), which is based on a weighted average of nine distress factors found in pavement surfaces (cracking, raveling, chuck holes, patching, edge cracking, rutting/shoving, bleeding, excessive crown, and distortion). The PMA uses a measurement scale based on a condition index ranging from 0 to 10 for pavement in perfect condition. The condition index is used to classify roads in good or better condition (6.5 - 10), fair condition (4.0 - 6.4), and substandard condition (less than 4.0). The City's policy is to maintain at least 80 percent of its street system at a good or better condition and have no more than 10 percent in a substandard condition. Condition assessments are determined every year.

During fiscal year 2004, the City gathered more detailed information on drive approaches and water ways than had been gathered in fiscal year 2003. This allowed the City to more accurately assess the overall concrete condition for each address within Sandy City. For fiscal year 2003, concrete condition, including drive approach and waterway condition, was estimated based on the number of simple concrete hazards at each address without accounting for the severity of each hazard. Therefore, fiscal year 2003 data produced conditions that were artificially worse than they really were. Conversely, accurate field evaluations were made during fiscal year 2004 to determine not only the number, but the severity, of each concrete hazard. This resulted in a significant decrease in substandard condition percentages in fiscal year 2004 over fiscal year 2003. A corresponding increase in good or better condition percentages also occurred.

Condition Rating of the City's Roadway System

	Percentage of Roadway System in Good or Better Condition				Percentage of Roadway System in Substandard Condition

Nonmajor Governmental Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Redevelopment Agency (RDA) - This fund is used to account for the tax increment revenues and the tax increment bond proceeds that are legally restricted for expenditures in the Sandy Redevelopment Agency project area.

Landscape Maintenance - This fund is used to account for the service-type special assessments legally restricted for operation and maintenance of streetscapes.

Community Development Block Grant (CDBG) - This fund is used to account for the revenues received by the City as grantee participant in the Community Development Block Grant program.

Recreation - This fund is used to account for the City's recreation activities.

Community Arts - The City elects to sponsor certain performing arts, programs and special events. This fund is used to account for the revenue and expenditures associated with these events.

Amphitheater - The City arranges for concerts, programs, and special events to be performed within our amphitheater for the enjoyment of our citizens. This fund is used to account for the revenue and expenditures associated with these events.

Electric Utilities - This fund is used to account for the operation of the City's electric utility.

Sandy City Donations - This fund was established to account for individual, private, and intergovernmental contributions held in trust by the City.

Enterprise Funds

The **Enterprise Funds** are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the City Council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the City Council has decided that periodic determination of net income is appropriate for accountability purposes.

Alta Canyon Sports Center - This fund is used to account for the City's recreational center.

Water - This fund is used to account for the operations of the City's Water Utility.

Waste - This fund is used to account for waste collection services provided by an independent contractor.

Golf - This fund is used to account for the City's golf course.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis.

Fleet - This fund is used to account for the rental of machinery, equipment, vehicles, and their related costs to other departments.

Information Services - This fund is used to account for the accumulation and allocation of costs associated with the centralized data processing systems.

Risk Management - This fund is used to account for the accumulation and allocation of costs associated with general liability, worker's compensation and risk management functions.

Equipment Management - This fund is used to account for the accumulation and allocation of costs associated with the purchase of equipment for the governmental funds.

Payroll Management - this fund is used to account for the liability associated with the accumulation of employee compensated absences.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and Members of the City Council
City of Sandy, Utah

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandy, Utah (the City), as of and for the year ended June 30, 2005, and have issued our report thereon dated November 23, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133**

Honorable Mayor and Members of the City Council
City of Sandy, Utah

Compliance

We have audited the compliance of the City of Sandy, Utah (the City), with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2005, and have issued our report thereon dated November 23, 2005. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the management, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT OF INDEPENDENT
CERTIFIED PUBLIC ACCOUNTANTS
ON COMPLIANCE WITH THE STATE OF UTAH
LEGAL COMPLIANCE GUIDELINES**

Honorable Mayor and Members of the City Council
City of Sandy, Utah

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandy, Utah (the City), for the year ended June 30, 2005, and have issued our report thereon dated November 23, 2005. As a part of our audit, we have audited the City's compliance with the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; reporting; and special tests and provisions applicable to each of its major State assistance programs as required by the State of Utah Legal Compliance Audit Guide for the year ended June 30, 2005. The City received the following major State assistance programs from the State of Utah:

- B & C Road Funds (Department of Transportation)

The City also received the following nonmajor grants which are not required to be audited for specific compliance requirements. (However, these programs were subject to testwork as part of the audit of the City's financial statements):

- EMS - Contracts/Grants (Department of Health)
- Emergency Management (Department of Public Safety)
- Victims of Crime Assistance (Office of Crime Victim Reparations)

Our audit also included testwork on the City's compliance with those general compliance requirements identified in the State of Utah Legal Compliance Audit Guide, including:

- Public Debt
- Cash Management
- Purchasing Requirements
- Budgetary Compliance
- Truth in Taxation and Property Tax Limitations
- Liquor Law Enforcement
- Justice Courts
- B & C Road Funds
- Special Districts
- Other General Compliance Issues
- Uniform Building Code Standards
- Impact Fees
- Asset Forfeiture

The management of the City is responsible for the City's compliance with all compliance requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

The results of our audit procedures disclosed no instances of noncompliance with the requirements referred to above.

In our opinion, the City complied, in all material respects, with the general compliance requirements identified above and the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; reporting; and special tests and provisions that are applicable to each of its major State assistance programs for the year ended June 30, 2005.
